OUR OPINION

This hotel is in an excellent location, with the harbour right across the street, just 2 minutes away, and also very close to the Pico airport. In the heart of Madalena, within easy reach to pubs/bars/restaurants, even the volcanic pools. A simple, 4* hotel, no more and no less than what is expected on such a small island, the only hotel establishment and certainly the only 4*. The pool/garden view adds a lot to its value, it is good for 1-2 nights while transitioning between islands and willing to explore Pico (which is a must, as it is one of the most interesting islands).
